

STATEMENT OF PURPOSE

RS18435

The Idaho Department of Fish & Game is often asked to provide services to public and private entities on matters concerning wildlife. Private sector entities assess fees for these services. This legislation authorizes the Idaho Department of Fish & Game to impose and collect fees for these services that are reasonably related to their actual costs.

FISCAL NOTE

It is difficult to determine how many entities that have previously received these services for free will seek IDFG expertise in the future. If they do, there will be some moneys that will be deposited in the fish and game account. These fees will help lessen future fee increases for Idaho sportsmen.
